**Louis Wasniewski** - FEMA remapping upstream of the HWY31 bridge to try and find a tie-in to resolve the survey bust that Gerald exposed between Hwy 26 and Hwy 31 bridges where the base flood elevation (BFE) should be 1.5 ft higher than previously established.

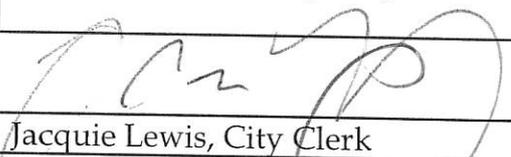

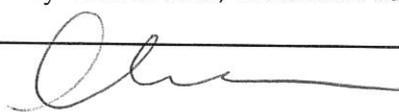

Presented a handout and provided an overview of the overall project. Letter of Map Revision has specific requirements per FEMA. With the survey bust we had some options. The options could accept the 1.5 foot, or option 2 pay \$11,000.00 for more survey or option 3 was pay \$2,700.00 for an upstream tie in. The maps provided the correct information. The \$2,700.00 will make the mapping for the city better for future building. This project was a restoration project.

**Doug Martin** - Discussion on a monthly fee and contract for the use of the Office Space and use of the Meeting Room for City Council Meeting.

---

Doug Martin has reviewed the Fire Department budget and are requesting that the city pay a monthly fee. Stacy Crnkovich asked if he knew what the agreement with the city was when the building was built. The Mayor will be checking with some people who might know what agreements have been made in the past. The mayor will then get with Doug on the results.
